

PRESS RELEASE

Cinema Education – The Festival's Educational Program Featuring Workshops, Screenings, and Filmmaker Talks

Date of publication: May 2, 2025

The **AmiCorti International Film Festival** reaffirms its commitment to younger generations with the return of **Cinema Education**, a special program dedicated to **students, teachers, and young filmmakers**, now in its **7th edition**.

From **June 23 to 28, 2025**, in **Roccaraso (AQ), Italy**, the festival will present a comprehensive calendar of activities aimed at bringing young audiences closer to the language of cinema as a tool for **critical reflection, creativity, and active citizenship**.

The program includes:

Morning Educational Screenings

A curated selection of short films and documentaries addressing timely topics such as **inclusion, the environment, human rights, and identity**, followed by guided discussions with experts and tutors.

Participatory Filmmaking Workshops

Hands-on labs led by international directors and educators, where students will explore all stages of audiovisual creation: from writing and directing to sound and editing.

Filmmaker Talks

Open dialogue sessions with guest directors who will share behind-the-scenes insights into their films and discuss the social impact of their work.

International Exchange and Cultural Dialogue

The program brings together Italian schools and international students, creating a multicultural space for learning and creative exchange.

Project Objective

To equip young participants with critical tools, promote independent thinking, and encourage engagement through the power of cinema.

The **Cinema Education program is free of charge**, and all participants will receive an official **certificate of participation**.

Venues: Roccaraso Municipal Auditorium & Cinema Roma

Dates: June 23–28, 2025
